### JOHN KEENAN EXPLAINS HIS ABSENCE. HE WENT TO MONTREAL FOR HIS HEALTH AND

EPT THERE BY BUSINESS. E. T. Lovatt, the counsel of Clark & O'Brien, served yesterday with an affidavit made by John Keenan, the exiled "boodler." It will be used in Reenan's suit against Heman Clark, and is as follows. Bourt of Common Pleas for the City and County of New-

York, John Keenan versus Heman Clark, Deminion of Canada, Province of Quebee, City of Montreal, ss. : On this third day of July, 1888, before me, Robert Davidson McGibbon, of the City and District of Montreal, Province of Quebec and Dominion of Canada, advocate, a Commissioner for the State of New-York, personally appeared in the City of Montreal, John Keenan, who, being duly sworn by ne, deposed as follows: 1.—Early in the month of January, 1886, I left the City

of New-York in obedience to the positive and absolute in-structions of my medical advisors, two of the leading physicians of the City of New-York, who insisted on my changing my abode and seeking rest, owing to the serious condition of my health and the danger to my health of re-maining longer in the City of New-York. Acting upon this advice I proceeded to Lakewood, N. J., and remained there for some time without conscilment or secrecy and in purssance of the orders of my physicians, referred to nbove I left Lakewood and proceeded to the City of Montreal, where I arrived on March 20, 1886.

taking of the investigation by the Senate Committee of the State of New-York. This committee was, in my opin-ion, a partisan body, whose ultimate powers of inquiry. ation and cross-examination were for political and ve, that between certain members of the said committee and myself there was such personal and political hostility that the members of this committee would be desirous of inquiring into matters of an entirely private and personal nature to myself, and utterly irrelevant and unconnected with the real and legitimate object of their investigation.

I apprehended, and had reason to apprehend, in my judgment, that there would be an endeavor on the part of some of the members of the committee, and those otherwise concerned in the investigation, to inquire into matters with reference to which they had no right whatever to obtain information, and that by compelling me to decline to afford them the information in question, they would embarrass me and possibly try to obtain my committel for contempt. This I naturally endeavored to avoid, and subsequently, being in Montreal with a view to Leneating my seriously impaired health in this city, I saw no reason for my immediate return to New-York

3.-I have resided in the City of Montreal ever since March 20, 1886. My health is greatly improved. I am engaged at present in large and important transactions which occupy my time largely and require my constant supervision and attention. It is impossible and inconvenient for me to leave the City of Montreal at present, in view of the transactions referred to, and the necessity of my constant presence in this city to watch over my interests in connection with the same.

4.-At the time of my departure from New-York for Lakeweed, and at the time of my arrival in Montreal, on March 20, 1886, to the best of my knowledge and belief there was no indictment, or prosecution, or other legal proceedings pending against me in any court or before any ingistrate in the City of New-York, and my departure com that city was not in any way to escape any alleged resecution or indictment, but was for the purpose and with the objects set forth. And I have sign

JOHN KEENAN.
By consent of counsel the motion for the appoin ment of a receiver in Keenan's suit against Clark, which was to be heard before Judge Van Hoesen in the Court of Common Pleas, Chambers, yeslerday, was adjourned until to morrow. Keenan's counsel, Colonel George Bliss, ebtained the appointment of Howard G. Fisher, a lawyer, of No. 199 Broadway, as a referee, to superintend the taking of testimony from A. J. Whitton, Clark & O'Brien's bookkeeper, "We havn't been able to find Whitton to serve papers on him," said Mr. Bliss.

At the office of O'Brien's Clark, a clork said that Mr. Whitton was taking a vacation. E. T. Lovait, counsel for Mr. Clark, said that he did not know that Mr. Fisher had been appointed a referee to take testimony on the case. "When I get the papers," he said, "I may have something to say about the watter, the Court of Common Pleas, Chambers, yesterday, wast

timony on the case. "When I get the pap-said, "I may have something to say about the but until I do, I can say nothing about it."

People's, N. H. ... 9.500 Total ...... \$777,500 AN INCENDIARY AT WORK ON CONEY ISLAND. Yesterday morning fire was discovered in the pavilion owned by George C. Tilyou, at Coney Island. An alarm was riven and the volunteer firmen ex-tinguished the flames before serious damage was done. Chief VanDerver made an examination of the building and found that the fire was the work of an incendiary. The floor was found to be saturated with kerosene off. The damage amounts to \$100.

A storm at sea means inevitable seasiekness for ocean of that incomparable tranquilizer of scasick stemachs, Hestetter's Stomach Bitters, which no commercial traveller, tourist or invalid should be without in "crossing the bring," or making a tedious land journey. No unmedicated atimulant of commerce is comparable for efficacy to the great invigorant. Emigrants to the West pronounce it a reliable preventive of malarial infection, as well as other complaints to which hardship, impure water and missing tainted vapors give rise. It renders brackish water drinkable and harmless, and is a fine remedy for disorders of the stormen and bowels, and for kidney troubles and rhoumstiem.

The committee will meet in Parlor DR., Fifth Avenue Hotel, at 12 o'clock noon. The present temporary officers are J. S. Clarkson, chairman, and Samuel Fessenden, secretary. The principal business of the committee will be the election of permanent officers, the selection of an executive committee and of headquarters. The executive committee will consist of nine members. It is provided for by the rules of the National Committee, and may be made up of members of the committee or men not members of the committee, as that body shall determine. The courtesy has always been extended to the candidates to select the executive members of the committee, and deference will undoubtedly be paid to their wishes now. The same rule by which the executive committee was provided gives it full charge of all the party affairs for the campaign, and on the adjournment of the National Committee it is not likely to come together again until it is called upon four years hence to select the time and place for holding the next Convention. There are a number of names suggested in connection whi the executive offices.

It was not possible last night to make any forecast of what will be the result of the committee's action. There are several gentlemen here or to be here from Indiana, among whom there will be authorized representatives of General Harrison. John C. New is the member of the National Committee for Indiana, and is ready on the ground. J. N. Huston, of the Indiana State Committee, General M. C. McLean, Attorney-General L. T. Michener, General W. W. Dudley and J. N. Elam also represent Indiana here. The members of the National Committee now here are Messrs. Clarkson, Fessenden, Fassett, Conger, New, Hyde, De Young, Hobart, Bourne, Hooker and Cavanaugh. Members of the committee have been informed that Mr. Morton will be in the city to-day and to-morrow for such con-

ference with them as they may desire.

Among the definite statements made yesterday some are important as indicating what the committee will not do. Mr. Fessenden has emphatically refused to allow the use of his name for re-election as secretary. Mr. Clarkson said he had no ambition to serve as caaleman. Ex-Senator Platt and Senator Quay were quoted similarly.

There was a meeting yesterday afternoon of the subcommittee of the National Committee which is empowered to select headquarters. The committee consists of Messrs, Clarkson, Fassett, Fessenden, New, Hobart Hooker and Haynes. The last three were not present The committee riet at the Flith Avenue Rotel, and went to see the old Carlton Clab, at No. 18 West went to see the old Cariton Clab, at No. 18 West Twenty-Hith-sit, which has been rented by A. R. Whitney, treasurer of the Republican County Committee, It was Mr. Whitney's plan to have this building occupied as a union headquarters by the National, State and County committees. The National Committee is decidedly exerse to having headquarters with any other committees and some of the members prefer herel quarters with a building outside where detail work in the neatter of pamphlets and circulars can be dote. The Republican State Committee, which meets to-day, is said to favor taking the old State headquarters in the Fifth Avenue Hotel. No action was taken yesterday by the National sub-committee, but they will have a meeting at 10 o'clack to-day, when they will confer with Mr. Whitney to see if it can be arranged for them to take the Carlton Chab building alone. In view of the

meeting at 10 o'clock to-day, when they will confer with Mr. Whitney to see if it can be arranged for them to take the Carlion Club building alone. In view of the expressions of the State Committee members, it is probable that this can be done.

J. B. Elam, of Indianapolis, who is at the Fifth Avenue Hotel, is General Harrison's law partner. It is understood that he is here as the Ceneral's personal representative. He said last night that the General had indicated no personal preferences for the organization of the National Committee, but left it to his friends to decide after consultation with the party representatives.

friends to decide after consumation with the party representatives.

The National Repubric gue Committee composed of one member from each State. The committee composed of one member from each State. The committee is not full, because there are some states in which the League has not as yet perfected organization. J. S. Clarkson, of Iowa, is chairman of this committee, and It has been called to need here to morrow to confer with the National Committee so that its work may be properly defined and understood to prevent clashing in the campaign.

A CLERGYMAN PRAISES MR. MORTON. Albany, July 9.-The Rev. Dr. S. V. Leech, lately chaplain of the State Senate and now paster of the First Methodist Episcopal Church of Albany, thus refers to the Republican candidate for Vice-President:

"If all the clergy of New-York were as intimately acquainted with the Hon. Levi P. Morton as I am, they would all gladly vote for him for Vice-President. Like General Harrison, he is a strong temperance man, as well as an upright and godly Chestian. When my son was lying ill during my pastorado at Saratoga. springs, no man was more tender and attentive in kindly ministrations than himself. Before breakfast on the morning of my son's death Mr. Morton walked to my residence to speak comferring words to a bereaved household. When by my summer

"SICKENING OF ITS OWN MEDICINE."

Every member of the Lincoln Club, of the XVIth Assembly District turned out last night in their headquarters at No. 223 Third-ave., for a rousing-old-time Republican meeting. The enthusiastic members of this club raised a Harrison and Morton banner within forty-five minutes after the news of the nomination

duced by the president, and after congratulating the club on its harmony, spoke in part as follows: The campaign this year is to be one of principles. The campaign this year is to be one of principles. Our candidates are beyond political sinader, and we do not cheese to attack the Democratic party on any ground other than the issue they themselves have laid down. And it will be found, indeed, it is already found, that the Democratic party is sickening of its own medicine. (Applause) The Republican party, now, as always, is unuistabable in its platform, and it resis with the American people to choose between the party that protects the workingmen, and the party that would favor the workingmen of England.

GENERAL HARRISON TO THE "FATHER OF THE HOUSE."

Washington, July 9 .- After the news of Harrison' nomination reached Washington, the Pennsylvania Republican Congressional delegation, through Mr. Kelley, sent its congratulations to General Harrison who formally returned his thanks. Recently noticing that the letter was signed by William D. Kelley, General Harrison sent to that gentleman a copy of his own letter, adding in his own handwriting: "If the Father of the House gives me his blessing, it will be well with me, I am sure."

ENTHUSIASTIC MEETING IN PHILADELPHIA. Philadelphia July 9 (Special).-A meeting that taxed the capacity of the spacious Union League Building, on Broad-st., was held this evening by the members to indorse the candidates of the Republican party for President and Vice President. The utmost good feeling prevailed. The meeting was held under the auspices of the KVIIth District Republican Club, of which James Smiley is president, and John Roble secretary. Colonel Fairman spoke for over an hour, his hearers paying the closest attention to his remarks and being apparently more strongly convinced than

#### ever that a protective tariff is a benefit to them. GENERAL KNAPP ON THE SITUATION. PLANS FOR THE REPUBLICAN STATE COMMIT-

TEE MEETING TO-DAY.

General John N. Knapp, chairman of the State Republican Executive Committee, was in New-York yesterday arranging for the meeting to-day of the Republican State Committee. Discussing the situation, he said among other things: "I have always been a sort of political barometer. Somehow my inns when I start into a canvass have never failed to be fulfilled. Since General Grant's first nomination for President I have not seen any canvass started so hopefully as the present one, and as a political barometer I am feeling very sanguine. There is the best of feeling everywhere in the party. In Auburn, where I live, as soon as Harrison was nominated and before the ticket was completed they had organized a great ratification meeting and had begun making speeches. We have a fine Republican club there, which is part of the National League, and their promptness in indersing the nomination of General Ractison is only an inkling of what the League clubs are going to do for the Republican party this year."

On the subject of the State Convention, General Knapp said: "I am in favor of holding an early State Convention. Everything points to the nomination of ex-Senator Warner Miller for Governor by acclamation. As he is to be nominated, we may as well held the Convention at once. Although there are some people who object to a long canvass, I don't know that an early Convention necessarily means a long can-vass. This is a year when people are going to think polities every night whether you have the State ticket

SONGS AND SPEECHES AT ROSELLE.

The Reselle, N. J., Republicans held a rousing ratification meeting last night at their club-house, in Thirdave. Some little delay was caused by the non-arrival of the speakers, and the time was spent in lisening to the Plainfield Republican Glee Club. Howard McSherry, of New-Brunswick, was the first speaker introduced, and he delivered an excellent address, which was received with round after round of applause. Wiltur A. Mott, of Newark, followed with a speech which was received with cheers.

A CHAPTER OF DEMOCRATIC ACCIDENTS. nent was the inauguration of the Presidential campaign in Hudson County, N. J., by the Democrats on Saturday evening that oughly disheartened in consequence. practically no result of the initial meeting but the failing of the platform. In the afternoon a hand-some banner had been suspended by the Republican club of the IVth District of Jersey City in Centralave., amid great enthusiasm. This, the first bannerraising by Harrison-Morton men, was successful and orderly. Not so, however, with the Free Trade

banner, which persistently refused to hang properly.

A paralle of about a score of boys opened the proceedings by shouting and harrabing vociferously, but there was no echo from the audience, which was mostly composed of Republicans. The affair took lectures I was struggling to reduce further the debt on the great church of which I was paster, he and Judge II. R. Hilton greatly assisted inamenity in the success of the enterprise. When prominent men were rejuvenating the office at their private expense, Mr. Morton voluntarily included in the base check for a handsome sum toward the repairs. I have conversed with him on religious subjects as well as on other matters, and I personally know that he is a modest, humble and highly cultured thristian. No man in this country would more worthly adorn the chair of the presiding officer of the senate man this eminent and philanthropic critical of our since.

HEADQUARTERS FOR DEMOCRATS. The tables have been taken out of the Hoffman House billiard-room, and it is being cleaned for occupation by the Democratic State Committee. Chairman Marphy will come down to open headquarters the latter part of the week. W. L. Scott, who is at the Fifth Avenue Hotel, said yesterday that he did not know when Democratic National headquarters will be opened, and did not care, as it was useless to open any because of the certainty of Cleveland's election. Chairman Baroum evidently thinks differently, for he will occupy No. 10 West Twenty-ninth-at. next week.

THE FIGHT OVER THE POLO GROUNDS. MUST THE ALDERMEN ACT FIRST !-DECISION

RESERVED. Argument on the application made, on behalf of the Metropolitan Amusement Company, for an injunction to restrain the Commissioner of Public Works from opening Oce-builded and eleventhist, through the Polo Grounds was heard by Justice Ingraham in the Supreme Court Chambers yesteriay. Ex-Judge J. B. C. Drew and George T. Duysters appeared for the company, and Corporation Counsel Henry R. Beekman for the Commissioner. Mr. Drew said that the Aldermen in 1880 had given to the Manhattan Polo Club, of which the American Amusement Com pany is the successor, the use of the street. Until the Board of Aldermen had decided to open the street the Commissioner of Public Works had no power to

Justice Ingraham said there was no doubt that the action of the Aldermen in 1880 was invalid, and that there was no authority in the city to give a street to private use. Mr. Beekman said that the Legi-lature had conferred on the Park Department the right to determine what structures should be permitted to exist in streets, within a certain distance of the purks, so that proper picturesque effects could be maintained near the parks. The removal of the fences enclosing the street had been ordered by the

of the Commissioner of Public Works to have them removed.

After further argument, the Judge said that the question was whether it was necessary for the Aldermen to past an act to open the street before the Commissioner could act. He reserved his decision.

NEARLY THIRTY YEARS IN LITIGATION. Surrogate Ransom, having been connected with the litigation over the estate of Nathuniel Gilman, the wealthy leather merchant, who died in 1859, which has lasted nearly thirty years, the final hearing on the motion to confirm the report of Referee Harland was heard yesterday by Judge Van Hoesen in the Court of Common Pleas. The original estate was over \$1,000,000, but it has dwindled to \$850,000, for which amount, according to the referee's

report, the executors are chargable.

George F. Gilman, who is the proprietor of the Atlantic and Pacific and the American Tea companies, has absorbed the claims of all the parties in interest, except that of Miss Annie K. Gilmen, a daughter of the second wife, and If the report is confirmed, will come into possession of the bulk of the property. Henry E. Knox in his behalf argued in favor of the confirmation of the report, and E. H. Beng, for Miss Gliman, opposed it. The decision was reserved.

SHE COULD NOT STAND THE HOUSEKEEPER. The trial of the suit for limited divorce brought by Mrs. Florence S. Walbridge against Dr. Joseph N. H. Walbridge was begun in the Supreme Court in Brookly; yesterday. Crueity and inhumanity are the grounds allered for the separation. The defendant is a dentist, but is wealthy and does not pursue his profession. The parties were married in June, 1876, and have one daughter.

A divorce was refused to them a few years ago and they tried to resume living together, but in September last Mrs. Wallridge left her husband and went to her father's together in 1895, she found a housekeeper, Elizabeth Duntogether in 1885, she found a housekeeper, Elizabeth Dun-ham, installed in the house, to whom she was made inferior.
